Jamestown BPU Issues 2015 Annual Water Quality Report

The Jamestown Board of Public Utilities (BPU) has issued its annual water quality report for the year 2015.

Each year, the BPU prepares this required report, designed to provide consumers with information on the quality and testing of the water delivered by the utility's water system.

The report is available with one click at www.jamestownbpu.com/about/news/AWQR2015 or by accessing a link on the right side of the home page (www.jamestownbpu.com) under "Publications."

To request a hard copy of the annual water quality report, call BPU Communications at 661-1680.
